Activities
1 Get up
2 Attend school
3 Return home
4 Do home work
4.1 English
4.2 Math
4.3 History
5 Sleep

Both are examples of segmentation

higher total coupling

lower total coupling
total task is divided into 4 parts:

- \(a_1 \) & \(a_2\) are related
- \(b_1 \) & \(b_2\) are related
- no \(a_i\) is related to any \(b_i\)

higher total cohesion

lower total cohesion
